29/03/2021 11:54 AM

KUALA LUMPUR, March 29 (Bernama) -- Though the COVID-19 pandemic is under control and as Malaysia is well underway with its vaccination programme, the Malaysian Timber Council (MTC) has urged industry players from the timber and furniture sectors not to have a lax attitude and continue to make certain that Standard Operating Procedures (SOPs) are always adhered to in factories.

MTC with the collaboration of two timber associations, namely the Malaysian Furniture Council (MFC) and the Malaysian Wood Moulding and Joinery Council (MWMJC), produced a 3.53-minute video that highlights SOPs that are central to combating the spread of the COVID-19 virus.
